

Morse Code

Morse code is a way to send messages without using words. The code has its own alphabet made up of short and long sounds or flashes of light. Use the Morse code alphabet to translate the messages below.

1	••• •- --

3. Now have a go at writing your own!

First, think of a sentence and write it down so no one can see it.

Then, letter by letter, write down the code underneath. Remember to start a new line for each word.

Finally, copy the code onto a piece of paper and challenge someone in your family to solve it!
