

Survival Kit Challenge

Imagine you are no longer in the classroom and you are standing in the wild. What does it look like, what can you see? what can you hear? what can you smell? Your challenge is to design a survival kit for the wild.

1. What **four things** do all people need in order to stay alive?

- _____
- _____
- _____
- _____

2. What do people out in the wild need to protect themselves from?

3. Your kit needs to be made up of items that can fit into a rucksack.

Tips:

- Include items to help people survive in places like jungles, deserts, mountains or forests.
- It should include something to provide sun protection.
- Draw your 8 items below.
