

FUN ACTIVITIES FOR YOU TO DO AT HOME!

Nature scavenger hunt-

when on your daily walk can you find these things?

Bunny, feather, spider web, yellow flower, birds nest, worm, moss, frog, ants, ball, lady bug, sprinkler, a stick, grass, sunshine dandelions, green leaf and a fruit tree.

1- Can you use some things you may have at home to make your own agility course.

Outdoor agility course

3- See who in your family can do it the quickest, or can you beat your own time?

2- Use things to climb over, under, weave in-between, jump through and even jump over!

Kitchen utensil bubble wands-

slotted spoons, fly swatters and spatulas

Make your own bubble solution

bubbles

Pom Pom making-

If you have any wool at home you can easier make your own pompom. Use two pieces of card (if you don't have card you can use paper) then cut them into a donut with a hole. You must wrap the wool around the hole until the hole has disappeared, then you need to cut it to make your final pompom.

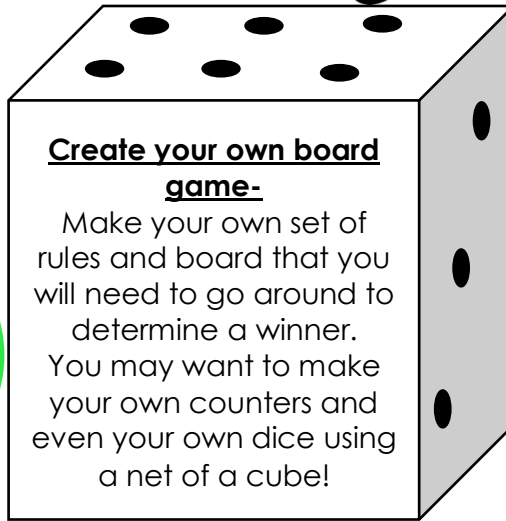

Flower pressing-

When you are out on your walk or in the garden find as many beautiful flowers that you are allowed to pick. Then place them in between 2 pieces of paper and 2 heavy books. Leave them for a few days and then take a look. You could make a collage with the finished results.

Create your own board game-

Make your own set of rules and board that you will need to go around to determine a winner. You may want to make your own counters and even your own dice using a net of a cube!

Recycled outdoor music station-

Can you use old tins, plastic bottles and other things you no longer need in your house to make music? You could use string to hang them from a tree or just do it on the grass. You can even decorate them if you want!

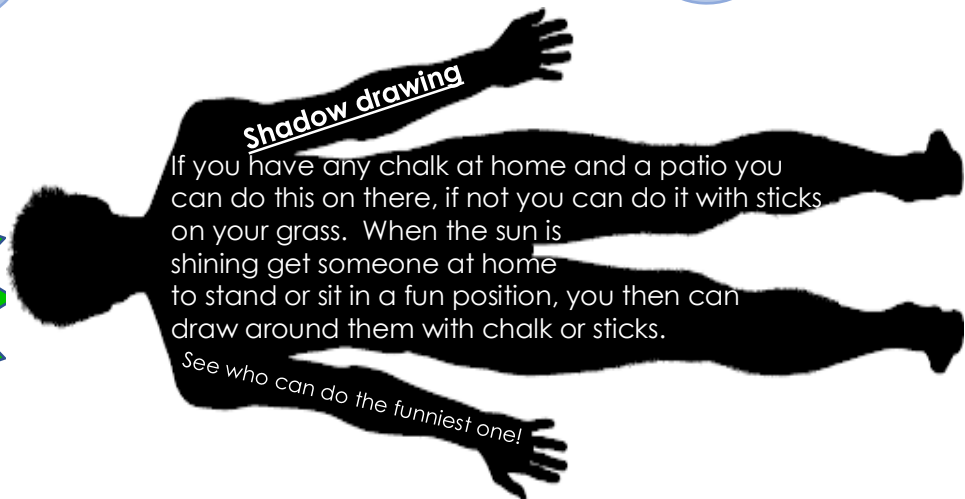

Cook or bake for your family-

Can you cook a meal or bake some cakes for your family to enjoy at home?

Shadow drawing

If you have any chalk at home and a patio you can do this on there, if not you can do it with sticks on your grass. When the sun is shining get someone at home to stand or sit in a fun position, you then can draw around them with chalk or sticks.

See who can do the funniest one!

Make your own bird feeder-

All you need is a toilet roll tube, peanut butter / honey, string and bird seeds. Paint on the honey or peanut butter and roll in the seeds. Then loop the string through the tube and hang outside and watch the birds enjoy!
