

During each rotation, The London Eye can hold a maximum of 800 people. The chart shows how many visitors came from each of the following countries; France, Spain, Germany, Italy, UK or other in 2012, 2013 and 2014 during one rotation.

Year	France	Spain	Germany	Italy	UK	Other
2012	157	75	120	83	265	100
2013	55	99	190	61	345	50
2014	95	67	220	115	240	63

Use the information on the table to answer the following questions.

1. In 2013 where did the greatest number of people visit from? _____
2. In 2012 where did the least number of people visit from? _____
3. Which country saw the biggest increase in visitors in 2013? _____
4. How many countries saw a decrease in visitors in 2013 compared with 2012? _____
Can you name them? _____
5. How many more visitors from Germany were there in 2013 compared with 2012? _____
6. How many fewer visitors were there from Italy in 2013 compared with 2012? _____
7. Which country saw the biggest decrease in visitors in 2013? _____
8. Using the figures for 2014 can you draw and plot your own bar chart?

Tip: how to draw a bar chart

- Draw two axis (across=horizontal, up=vertical)
- Write the numbers / categories on the two axis (the scale)
- Label the axis
- Plot the data on the graph
- Add a title
