

London Bus Paper Model

Instructions

1. Begin by cutting out the shapes on page 1. This section will make the front, back and one side of the bus. Cut along the thick black lines. Note that you need to cut around tab 2 and there is a small section to cut out around the windscreen. You will also need to make a cut along the line above the rear door of the bus.
2. Fold all dotted lines into a hill fold (folded down) or valley folds (folded up) as shown. Note the valley folds at the rear door of the bus.
3. Apply glue to tab 2 and stick to the corresponding section.
4. Cut out the shape on page 2. This will form the driver's side and roof of the bus. Cut along the thick black lines.
5. Fold all dotted lines into a hill fold (folded down).
6. Apply glue to tab 1 and stick it to the underside of the bus roof.
7. Apply glue to tabs 3, 4 and 5 and stick to their corresponding sections to complete the front of the bus.
8. Apply glue to tabs 8 and 12 and stick to their corresponding sections to complete the rear of the bus.
9. Apply glue to tab 6 and stick to form the rear door step.
10. Apply glue to tab 7 and stick the corresponding section to complete the rear of the bus.
11. Apply glue to tab 13 and stick to the corresponding section to complete the base of the bus.
