Answers

1. Who has reigned for the most years?

Elizabeth II

2. Who was the youngest when they died?

George VI

3. How long have the Houses of Saxe-Coburg Gotha and Windsor reigned for so far?

118 years

4. What is the difference in age between the youngest and oldest ages of becoming monarch?

34 years

5. Who reigned for 41 years less than Elizabeth II has reigned so far?

George V

6. How much younger was Elizabeth than Edward VIII when she became queen?

16 years younger

7. Who was 9 years younger than Edward VIII when they died?

Edward VII

8. Look at the information about Edward VIII. Do you notice anything strange? Why do you think this is?

Accept answers referring to the fact that Edward VIII became king at age 41 but only ruled 1 year yet died at the age of 77. Accept plausible reasons for this, including the real reason of his abdication of the throne.

9. Why do you think Elizabeth II has only got 2 bars?

She only has 2 bars as she is still alive, therefore cannot have a bar showing her age when she died.

10. Who has reigned for longer – Elizabeth II or the Saxe-Coburg Gotha and Windsor kings combined?

Elizabeth II – she has reigned for 67 years so far and the kings have ruled for 51 years combined.
