What is the Sports Premium?

The Government is providing funding for primary school PE and sport. The PE and sport premium funding can only be spent on this provision in schools. In 2021/22 it will be £16,000 per school plus £10 per pupil with **Walford Nursery & Primary School receiving a total of £17,730.**

Purpose of funding

Schools have to spend the sport funding on improving their provision of PE and sport in order to:

- develop or add to the PE and sports activities that the school already offers;
- build capacity and capability within the school, to ensure that improvements made now will benefit pupils joining the school in future years.

There are **5 key indicators** that schools should expect to see improvement across:

- The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommends that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
- The profile of PE and sport is raised across the school as a tool for whole-school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils.
- Increased participation in competitive sport.

How will Walford Nursery & Primary School spend the Sports Funding and who will benefit?

- All children benefit regardless of sporting ability and that all children are engaged in regular physical activity (30 minutes per day in school).
- The profile of sport and healthy lifestyles is increased for all.
- A broad range of sports are offered to all children.
- Children are given the opportunity to compete and participate in sport and physical activity beyond the school day.
- Staff have access to training opportunities and continued professional development.
- Regular CPD provided for all staff in a range of sports.

How will Walford Nursery & Primary School check its impact each year?

The governing body, Headteacher and PE Leader observe lessons, monitor the take up of clubs and talk to children about PE, as part of our school self-evaluation cycle. Our evidence base is shared with all staff in staff meetings. Pupil, staff and parents/carers are asked to complete questionnaires on an annual basis.
