

WALFORD PRIMARY SCHOOL
SPORTS PREMIUM GRANT FUNDING 2016-2017
IMPACT SUMMARY

Since September 2013, every primary school has received extra sports funding through the Sports Pupil Premium. The PE and sport premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. In our school, this will amount to **£8,970** for **2016-2017**. We intend to use this allocation to achieve the following sustainable objectives:

1. To develop the leadership of PE to enable provision to become sustainable and of high quality.
2. To develop and enhance the teaching of PE across the curriculum in all year groups.
3. To offer a wider range of sporting opportunities outside of school hours that caters for a variety of the pupil population.
4. To further develop and enhance the opportunities for intra-school competition, inter-school competition and competitive sport.

Vision for Primary PE and Sport Premium at Walford Primary School

Our vision is that ALL pupils leaving Walford Primary School should be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport. At Walford Primary School, we promote healthy lifestyles and ensure all of our children regularly engage in physical activity. It is embedded in our culture and our investment in the children is vital to sustaining that over time.

We continually strive to improve the provision and quality of PE for our pupils. In the past year, we have increased participation in our extra-curricular sports clubs offered to children and at least 70% of children now attend one, or more of these engaging activities. We have also increased the number taking part in inter-sport activities and this year, 84% of children in our school were part of a sports tournament or festival.

We have forged stronger relationships with other local clubs, including the Cricket and Rugby club. Links have also been created with South Herefordshire Golf club and golf coaches work with the children in the Summer Term. We hire the gymnastics facilities at the Five Acres Gym once a week in the Autumn and Summer Terms which includes tuition from professional gymnastic coaches. Children in Year 3 and Year 4 attend weekly swimming lessons at the local pool in Coleford during the Autumn and Spring Term.

Learning and Enjoyment...
Every Child, Every Opportunity, Every Day!

All children in key stage 1 and key stage 2 enjoy a wider range of sporting activities, including: football, tag rugby, hi-five netball, hockey, rounders, cricket, tennis, golf, gymnastics, dance, swimming, multi-skills and orienteering. Every child takes part in at least one sports activity each week and engages, on average, in at least two hours of PE in curriculum time. This year, children in Year 5 and Year 6 attended the Stackpole National Trust Centre on a five-day residential where they participated in mountain biking, coastal walking, rock climbing, canoeing and other activities. Children in Year 3 and Year 4 experienced a Tipi Adventure during an overnight stay in June 2017.

The Sports Premium is also used to help fund specialist PE coaches to work with individual teachers throughout the year (cricket and golf in 2016-2017). In addition, it helps fund external sports specialists in gymnastics, football, tennis, rugby, cricket, golf and dance.

New Initiatives for 2016 – 2017

This year, we have also set up new initiatives to improve teaching awareness and inclusion of PE in the school. This has included:

- Our Olympic and Paralympic legacy involving child led sports sessions (Huff and Puff equipment / Zone Managers) during break times where our children mentor peers in a range of games and activities involving balance and co-ordination.
- Weekly lunchtime sporting activities for children (in particular those who do not attend after school sports clubs) led by a SuperStars Sports coach.
- Daily 'Mile a Day' challenge.
- Children set physical challenges for themselves to help promote core skills, such as balance, dexterity and stamina.

Budget

Budget: £8,970

£3,382	Specialist Coaching (SuperStars) to support teacher's delivery of high quality PE and CPD in PE. Provision of weekly lunch time activities to promote healthy lifestyles and engage children (especially those who not attend any extra-curricular activities) in physical activity.
£1,000	Link with the Whitecross Partnership to provide a range of inter-school competitions and high quality CPD.

*Learning and Enjoyment...
Every Child, Every Opportunity, Every Day!*

£2,375	To cover costs for transport to the Five Acres Gymnastics Centre.
£500	Transport costs to a range of inter-school sport activities to ensure maximum participation.
£360	Specialist golf coaching.
£180	Specialist cricket coaching,
£1,500	Updating equipment, new resources and repairs, including the purchase of new 'Huff and Puff' break time activities.

TOTAL: £9,297

Please find below, details of all activities enhanced by the use of the Sports Premium funding:

Activity	Cost	Outcome
Gymnastics sessions at the Five Acres Gymnasium, including professional coaching.	£2,375	Children have improved their core strength, flexibility, speed, balance and coordination. They have further developed skills required for teamwork and have become more disciplined in their approach. The children's confidence and self-esteem has grown as they have learned important social skills such as listening, following directions, taking turns, being quiet and respecting others. Extended to children in EYFS, Y3 and Y4 in the Summer Term 2017.
Specialist golf coaching sessions for all children in KS2 (Summer Term), plus one after school club in the final term of the year.	£360	We have raised the profile of golf in school and all children in KS2 participate in golf sessions. Specialist golf coaching, provided by South Herefordshire Golf Club has increased children's confidence, self-esteem and improved skills.
Specialist cricket coaching for all children in Year 4, Year 5 and Year 6.	£180	Children have improved balance, core stability, stamina, coordination and agility. The less-dominant players are developing the fundamental skills required to enable them to engage in a variety of other sports in school. On Thursday 11 th May 2017, over 30 children attended the Ross Schools' Cricket Festival. In previous years, only 10 children have attended.
