Dear Parents/Guardians

**South Herefordshire Hub Science Fair
Wednesday, 12th June 2019**

Together with Much Marcle, St. Joseph's, Gorsley Goffs and The Lea Primary School, we are delighted to invite your child to this year's South Herefordshire Hub Science Fair. The event will be held at **Much Marcle Primary School on Wednesday, 12th June from 4.30pm – 5.30pm.**

Through an exciting partnership with Dr Simon Rhodes (Hereford Cathedral School) and **The Ogden Trust**, the South Herefordshire Science Hub not only create fantastic opportunities to further develop the children's scientific knowledge and understanding, but also provides funding for additional resources to enhance their learning experience and enjoyment.

The theme for this year's Science Fair is Space and throughout the evening, the children will be able to observe and take part in a variety of scientific challenges. There will also be opportunities to win some exciting raffle prizes which will be drawn at the end of the evening.

We do hope that you will come to meet all of our budding young scientists, STEM Ambassadors and ICT experts. It promises to be an exciting evening of making scientific discoveries that will leave you wanting more!

Yours sincerely

Ms Louise George
Headteacher
