

Further Support and Resources - Primary

Financial Education Quality Mark

The Financial Education Quality Mark is an accreditation system for financial education resources that have been created for use with children and young people. It is awarded to resources that support high quality teaching and learning about money.

All resources that have been awarded the Financial Education Quality Mark can be accessed via our website at www.young-enterprise.org.uk/teachers-hub/resources/

We have highlighted just a few below which you could use to extend and develop your My Money Week.

Stop Loan Sharks: Lessons about keeping your money safe

Lessons about Keeping Your Money Safe, produced by the Illegal Money Lending Team, is centred on the activities of people who lend money illegally. The resource includes lessons about keeping your money safe, where money comes from and the difference between need and want. They can be downloaded at www.young-enterprise.org.uk/resources/stop-loan-sharks-lessons-about-keeping-your-money-safe/

Key Stage One Lesson Packs - Where money Comes From and Making Wise Choices

This resource produced by HSBC UK in partnership with Young Money, includes two complete lesson packs for Key Stage 1 pupils covering the important topics of *Where money comes from* and *Making wise choices*. Each lesson pack includes a detailed lesson plan, accompanying PowerPoint presentation and printable activity sheets. There are also Parent Postcards to help families talk about money at home. The resource can be downloaded at www.young-enterprise.org.uk/resources/HSBCUK-KS1

Drip Drip Drip

Explore links between water and money, allowing your pupils to see the true value of water and the impact that efficient water use can also have on our money. Links are made to the science and maths curricula, and homework ideas are also included. www.young-enterprise.org.uk/resources/drip-drip-drip/

MoneySense

Using the interactive resource developed by NatWest teachers can facilitate an exciting, innovative web based learning experience for their pupils – from using a virtual bank to interactive quizzes. MoneySense will enhance any delivery planned around financial education.

It can be found at www.young-enterprise.org.uk/resources/moneysense/

LifeSavers Five Big Questions

Using the LifeSavers Five Big Questions enjoy the discussions that arise from these 5 topics! From understanding how money can help others to where money comes from the LifeSavers resources has everything you will need to develop a base of knowledge around money. The resource includes lesson plans, extension ideas, links to the Financial Education Primary Planning Framework and RE curriculum links. They can be downloaded from www.lifesavers.co.uk/classroom-resources

Junior Tax Facts

'Junior Tax Facts' offers a very simple introduction to tax for primary school pupils. It consists of an animations available on YouTube and supported by a free teacher's pack accessible on TES. It can be found at www.young-enterprise.org.uk/resources/junior-tax-facts/

Developing Financial Futures

With the support of Leicester City Council, we've refreshed Developing Financial Futures. This resource is designed to support the delivery of financial education to vulnerable young people. There are 7 activities that all focus on different realistic scenarios, providing plenty of opportunities for discussion and decision making. The resource can be downloaded or ordered here www.young-enterprise.org.uk/resources/developing-financial-futures

Family Workshop

With the support of Leicester City Council, we've developed a set of resources to support a 90-minute workshop, designed to help families explore money learning in the home. The workshop focuses on helping families explore money learning together. Parents/carers will discover ways to include their children in everyday discussions and actions related to money thereby improving both their children's financial capability and in turn, their own too. Download your copy here www.young-enterprise.org.uk/resources/family-workshop/

Why not apply your children's money management skills, by taking part in **The Fiver Challenge** or the new **Fiver From Home** challenge:

The Fiver Challenge

The Fiver Challenge is a **FREE** 4 week National Enterprise Challenge for children from ages from 5 – 11 to encourage an enterprising mindset from an early age to create a generation of financially capable young people whilst having fun!

Pupils are pledged **£5** and have one month to set up a mini business and create a product or service they can then sell or deliver at a profit.

Learn more via our [Fiver Brochure](#).

Fiver From Home

To ensure we can also support pupils to gain entrepreneurial skills during this time we have developed Fiver from Home. This adapted version of the Fiver Challenge allows students to imagine what business they could create with just a £5 note.

This mini home-based project uses the core elements of the Fiver Challenge to inspire your young people to actively learn, develop and grow their entrepreneurial skills.

We've provided everything you need for your pupils to take part, including a workbook, glossary and several other guidance documents.

For more information and to sign up head over to the [Fiver website](#).

Young Money also offers a range of **advice and expertise** about financial education including the following services:

The Financial Education Advisory Service

Our FREE Advisory Service offers advice and guidance to anyone teaching children and young people about money- specialist education consultants use their experience to give practical advice and guidance about any aspect of financial education.

Our knowledge covers both primary and secondary phases as well as specialist subjects and special education needs. We can also offer advice on assessment and impact, including ideas for enrichment days and the effective use of financial services volunteers.

Email us at advisoryservice@y-e.org.uk or call us on 0300 6660 127, giving us an idea of what you want to achieve, or need help with. We will aim to get back to you with practical information and ideas within two working days.

Young Money Lesson Plans

We've developed a set of over 50 primary and secondary ready-to-teach lesson plans each complete with activity sheets and PowerPoint slides containing everything you need to develop and deliver an effective, engaging programme of financial education. The primary lesson plans are mapped to the Primary Planning Framework allowing you to cover a range of financial topics relevant to your pupils. Access for your whole school for one year is £95. To find out more visit www.young-enterprise.org.uk/membership-join/

Teacher Advisory Group

We are building up our network of teachers who can work together to help us shape our tools, resources, programmes and services, so that they're as useful and practical as they can be.

If you are interested in making a positive impact on young people's lives while also gaining a great professional development opportunity, join the Teacher Advisory Group!

Complete our [Expression of Interest Form](#) and we'll be in touch.

Financial Education Teacher Training

The following **teacher training sessions** are due to go ahead in London:

Primary Money Matters CPD: 18th June 2020, 1.30pm - register [here](#)

Enterprise CPD: 19th June 2020, 10:00am - register [here](#)

The training sessions will equip teachers to develop and deliver high quality, relevant, financial education to students throughout primary school, meeting the requirements of the national curriculum and beyond.

Once schools are open again we can also provide:

Bespoke in-house training, contact training@y-e.org.uk to find out more.

Upcoming eLearning training options will soon be available, stay tuned to hear more in upcoming newsletters.
