

# MONTH OF MUSIC

1 Make a music shaker with rice or pasta and a small container 	2 Fill up glasses with different amounts of water and tap out a tune 	3 Create your own saucepan drum kit 	4 Stand outside and record a soundscape 	5 Listen to a number one song from the 1960s 
6 Learn to play the spoons 	7 Can you make a tin telephone using some cans and a piece of string? How does sound travel? 	8 Make a guitar from a tissue box, some string and a kitchen roll tube 	9 Record different kitchen noises to make music (microwave, kettle) 	10 Listen to a number one song from the 1970s 
11 Listen to a piece of classical music and paint a picture of what you think is happening 	12 Rewrite the lyrics to Twinkle Twinkle Little Star 	13 Make a drum by stretching a balloon over a mug or tin can 	14 Put some rice on your drum and hit a saucepan right next to it. What happens to the rice? Why? 	15 Listen to a number one song from the 1980s 
16 Play musical statues 	17 Swap a song with someone in your home. Play them your favourite song and ask them to share one too. 	18 Make a homemade harmonica by taping straws together 	19 Make a rain stick with a kitchen roll middle and some rice 	20 Listen to a number one song from the 1990s 
21 Make your own music video to your favourite song 	22 Have a limbo competition to some Caribbean music 	23 Create your own band name, logo and tour poster 	24 Visit the <a href="#">Chrome Music Lab</a>	25 Listen to a number one song from the 2000s 
26 Create your own music symbols (star for clap, circle for stamp, triangle for honk) and make music 	27 Play musical hide and seek. Hide while tapping a musical instrument 	28 Sing your reading book when you read today 	29 Sing together using Sing Sing Karaoke on YouTube 	30 Listen to a number one song from the 2010s
