

Grandfather Clocks

Year 3 Analogue Time

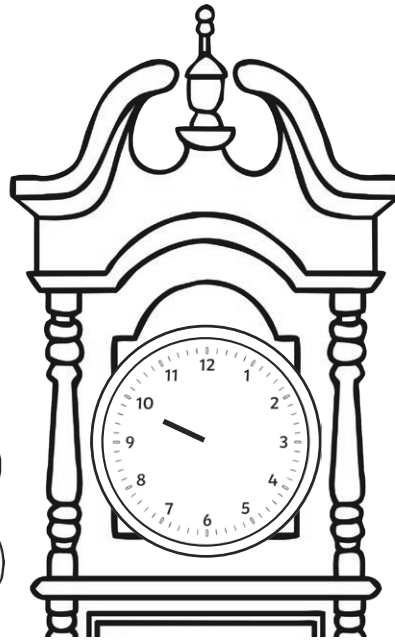

Oh dear! The minute hand has fallen off this grandfather clock. Tariq, Jacob and Sarah are having a discussion about the time.

Tariq

I think it's 10 o'clock because the hour hand is near 10.

I think it's quarter to 10 because the hour hand is closer to 10 than 9.

Jacob

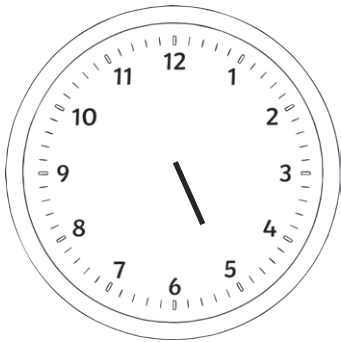

I think it's half past 9 because it's between 9 and 10.

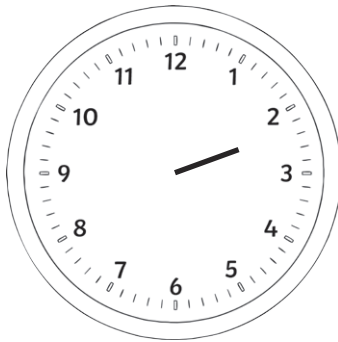

Sarah

Who do you think is right?

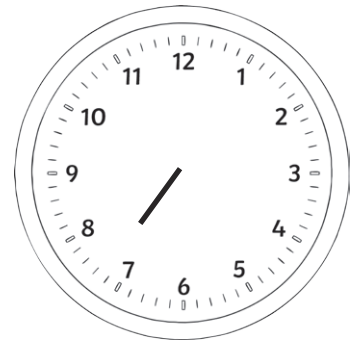

Write what time you think each of the following clocks are showing.

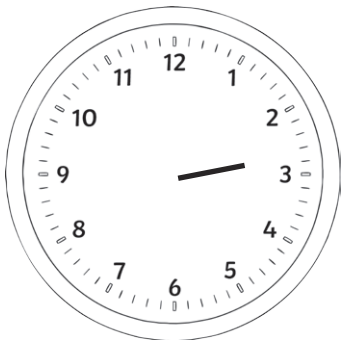

1. _____

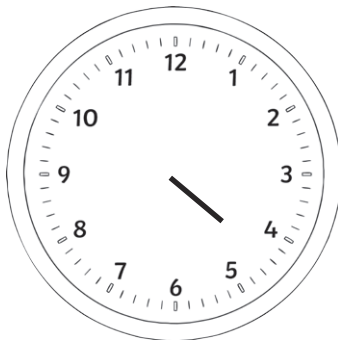

2. _____

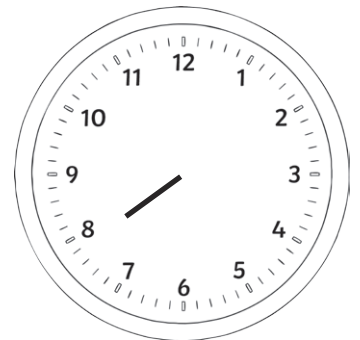

3. _____

4. _____

5. _____

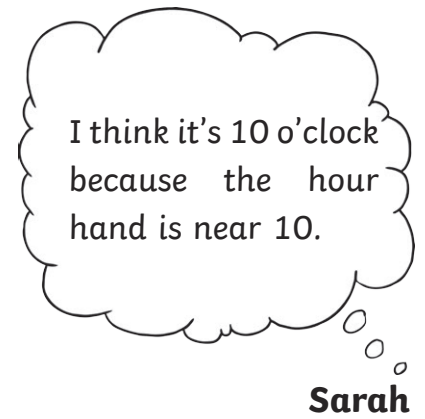

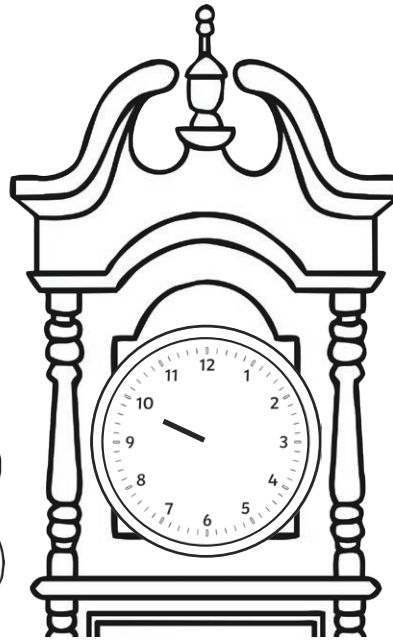

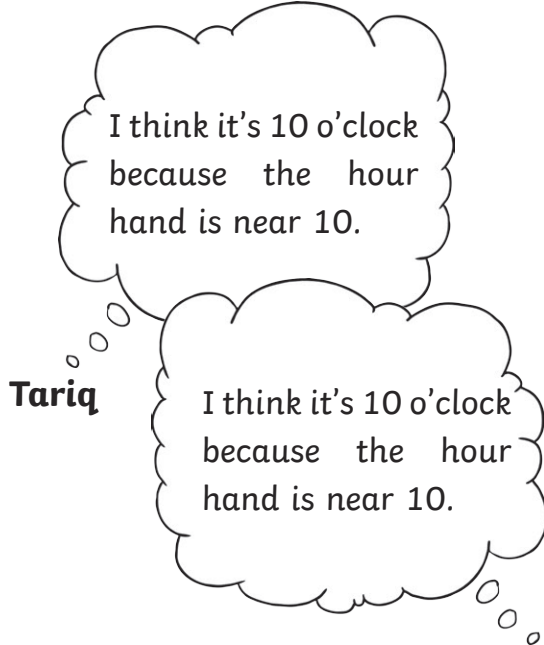

6. _____
